D2L/Brightspace Learning Environment 10.7.7- update on or about Nov. 16, 2017

Grades – Grade Exemption Expansion

This feature is an expansion of grade exemptions work that impacts the Content tool, the Calendar tool, the Course Schedule, and the Updates widget.

Exempted activities are not due, therefore, not overdue and do not appear in the **Overdue** items list in Course Schedule. Exempted items are also not displayed in the learner's Calendar. Exempted quizzes are not required to be submitted and are excluded from the count of unattempted quizzes that appears in the **Updates** widget.

When a learner clicks on a topic they are exempt from, a new message displays stating that the learner is exempt from the topic and that the activity can be viewed but does not need to be completed.
