We publish *INSIDE The CU Libraries* periodically, when classes are in session. Here we share information about our services and resources with the campus community. Current and back issues are available online through the NEWS link on the [Libraries’ homepage](#).

EBSCO Discovery Service

Fast, simple, powerful – these are some of the adjectives used to describe EBSCO Discovery Service.

The Webpage for the [University Libraries](#) features a search box that conducts searches across many of the information resources available through the libraries – books, e-books, articles, video, indexing and abstracting databases, and much more.

If an item is available in electronic full-text form, a link in the search results will lead you to it.

If we do not have the resources in our collections (or available electronically), links appear for you to request books through the **E-ZBorrow** InterLibrary Loan service. Articles and other items can be requested through the **ILLiad** InterLibrary Loan service.

EBSCO Discovery's default setting is to search by keywords. If you would like to focus your inquiry by author or title, you can do that too. Other options include limits to resources that are electronic "Full Text," "Peer Reviewed" articles, and items available only in our local collections (not requiring InterLibrary Loan requests).

The "Catalog Only" option limits search results to books, videos, and other resources that were traditionally located through the Online Catalog. Results include shelf locations and call numbers specific to Carlson and Suhr Libraries. Journal articles and database content are excluded from this type of search.

EBSCO Discovery Service searches a wide range of information resources and may produce unintended results beyond the scope of what you want. More sophisticated researchers with focused topics may find it useful to conduct searches in subject-oriented databases like CINAHL, PsycARTICLES, Mergent's Financial Information Online, and others.

If you have questions, or would like additional information, please contact a reference librarian. Call Carlson Library at 814-393-2490. Virtual Campus/Distance Education faculty and students may use the special toll-free number, 866-272-5612 (Press 5 for Library), provided just for you. You may also contact us through our [Ask a Librarian](#) Webpage.

Textbooks

Contrary to what you may have heard, Carlson and Suhr Libraries do not have copies of textbooks (print or electronic) for courses taught at the University. As you know, textbooks are expensive and change frequently. Academic libraries seldom have traditional types of textbooks for those reasons.

Occasionally, a faculty member will place a print copy of a textbook "on reserve" in the library as a supplement to other course readings. You may check at the Circulation

Desk to see if that is the case.

Academic libraries do not request or lend textbooks through the InterLibrary Loan service for the same reasons. Few libraries have them, and those that do will seldom loan them.

If a professor assigns a novel or other type of regular book as supplementary reading for a course and you borrow it through Interlibrary Loan, please be aware that you usually cannot keep it for the

entire semester. The lending library will probably want it back before the end of the semester. If you do not return it to the library, you may be liable for hefty fines.

We wish that we could help. However, the libraries do not have the funds available to purchase or license copies of *all* the textbooks adopted for use, let alone a copy for everyone.

Student Tip – Great Study Spaces

Carlson and Suhr Libraries are great places to study. They have comfortable seating, plenty of desktop and laptop computers, as well as iPads, available for use.

At Suhr on the Venango College Campus, you can borrow a laptop for out-of-the-library and overnight use. Both libraries are wireless zones, if you have your own computer or other electronic device.

Carlson library has group study rooms on three floors and quiet study spaces on Levels 2 & 3. In fact, we added two new group study rooms on Level 1 for this fall. If you need help locating or understanding information resources, reference librarians are available to assist you.

Something To Think About

*Never think that war,
no matter how necessary, nor how justified,
is not a crime.
Ask the infantry and ask the dead.*
