

The **Konftel 300Wx** is a battery-driven wireless conference phone that connects to a wireless base unit.

### SD memory card port

It is possible to record a call in progress and use the Konftel 300Wx as a dictaphone.

Press the **• ←** button to start and stop recording. Recordings can be accessed via the menu.

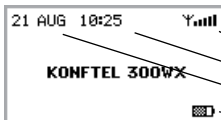

Wireless base unit connects to Ethernet and power using supplied cables. Status light will be solid green if successfully connected (may take up to 2 minutes).

### LEDs

Flashing blue	Incoming call
Steady blue light	Call in progress
Flashing red	Hold, microphone and speaker turned off
Steady red light	Mute, microphone turned off

### Display symbols

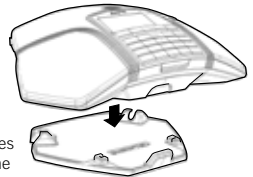

- Signal strength
  - Date
  - Time
  - Battery status
-  **Fully charged**
-  **< 1 hr talk time**

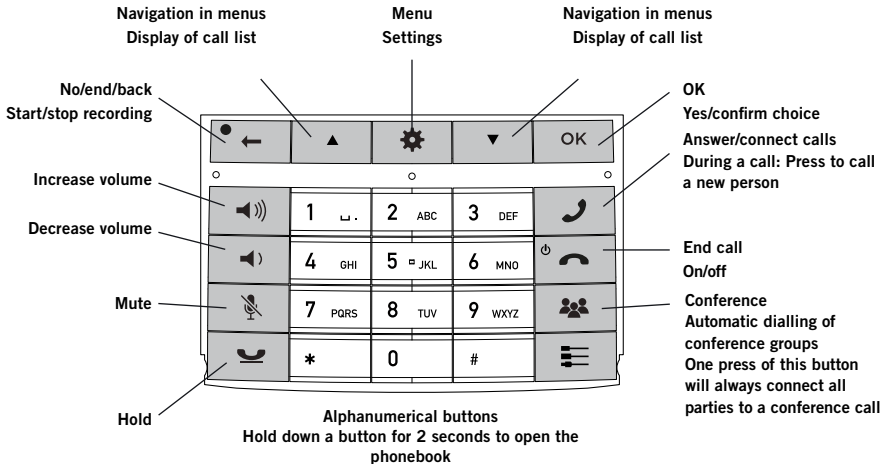

### Charging the battery

Charge the battery by placing the Konftel 300Wx on the charging stand or plug the power cable into the Konftel 300Wx.

A fully-charged battery provides up to 60 hours of talk time. The Konftel 300Wx lets you know when there is less than one hour of talk time left.
